DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (DSM)** is the national standardisation and accreditation body.

The main function of the Department is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards are developed through consensus by committees which comprise of balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject in hand. These standards where appropriate are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 (Act 549). Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

The Department of Standards appoints **SIRIM Berhad** as the agent to develop Malaysian Standards. The Department also appoints SIRIM Berhad as the agent for distribution and sale of Malaysian Standards.

Committee representation

The Mechanical Engineering Industry Standards Committee under whose supervision this Malaysian Standard was developed, comprises representatives from the following Government Ministries, Trade, Commerce and Manufacturer Associations, and the Scientific and Professional Bodies.

Association of Consulting Engineer Malaysia
Department of Occupational Safety and Health
Department of Standards Malaysia
Federation of Malaysian Manufacturers
Malaysian Industrial Development Authority
Malaysian Motor Vehicle Assemblers Associations
Ministry of Defence
Ministry of Works and Utilities (Public Works Department)
The Institution of Engineers, Malaysia
Universiti Teknologi Malaysia

The Technical Committee on Helmet which developed this Malaysian Standard consists of the following representatives:

Dr. Teh Ser Kok (Chairman)	Universiti Malaya
Puan Siti Mariam Rahmat (Secretary)	SIRIM Berhad
Encik Mohd Hamim Imam Mustain/ Encik Mohd Adha Rahmat	SIRIM QAS Sdn. Bhd.
Encik Cheah Leong Kat	PJ Helmets Sdn. Bhd.
Encik Leong Ka Ban	SIRIM Berhad
Encik Aziz Ishak	Road Transport Department
Encik Badrul Ahmad	Ministry of Domestic Trade and Consumer Affairs
ASP Mustafa Hj. Abd. Majid	Royal Malaysian Police
Encik Ramesh Zakir Shamsul	Department of Occupational Safety and Health
Encik Tan Teng Huat	Solidgold Helmets Sdn. Bhd.

Co-opted members:

Encik Han Kok Kong	Bogo Optical Sdn. Bhd.
Encik Ng Kok Hua	THV Trading
Encik Lee Chee Leong	Loong Sing Co.
Encik Khor Tong Kim/ Encik Chee Keong	Yong Kam Fook Plastics Industries Sdn. Bhd.

FOREWORD

This Malaysian Standard was developed by the Technical Committee on Helmet under the authority of the Mechanical Engineering Industry Standards Committee.

This standard is the first revision of the Malaysian Standard MS 183 'Specification for industrial safety helmets', which was published in 1973.

During the revision, reference was made to EN 397 : 1995, 'Industrial safety helmets'.

The major changes featured in this standard compared to EN 397 : 1995 are as follows:

- a) Stiffness test has been introduced as one of the mandatory requirements under clause 5.1.5.
- b) The deletion of sub-clauses 7.2.3e and 7.2.3f i.e:
 - i) obsolescence deadline of period of obsolescence of the helmet and its component parts; and
 - ii) details of the type of packaging suitable for transportation of the helmet.

This Malaysian Standard supersedes MS 183 : 1973.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
