
MALAYSIAN STANDARD

MS 71 : 1972
ICS 33.100

**SPECIFICATION FOR RADIO INTERFERENCE
LIMITS FOR ELECTRICAL APPLIANCES**

STANDARDS & INDUSTRIAL RESEARCH INSTITUTE OF MALAYSIA

© Copyright

This Malaysian Standard, which had been approved by the Electronic Engineering Industry Standards Committee and endorsed by the Standards Council was published under the authority of the Standards Council in June, 1972.

This Malaysian Standard does not purport to include all the necessary provisions of a contract.

The Malaysian Standards are subject to periodical review to keep abreast of progress in the industries concerned. Suggestions for improvements will be recorded and in due course brought to the notice of the Committees charged with the revision of the standards to which they refer.

The following references relate to the work on this standard:

Committee reference : SIRIM/TC1(ISC5)/001

Draft for comment : D4(ISC5)

CONTENTS

		Page
	Committee representation	(iii)
	Foreword	(iv)
 SECTION ONE: GENERAL		
1	Scope	1
2	Definitions	2
 SECTION TWO: LIMITS OF INTERFERENCE		
3	Classification of radio noise.....	3
4	Measurement of radio-noise	4
5	Limits of magnitude of noise voltage and fields	4
 SECTION THREE: METHODS OF SAMPLING		
6	Symbols	7
7	Continuous noise	7
8	Discontinuous noise	8
 Tables		
1	Limits of magnitude of noise voltages	5
2	Limits of magnitude of noise fields at a distance of 10 metres	6
3	The value of K for different values of N	7
4	Limits of noise voltage (Discontinuous noise)	8
5	Limits for noise fields (Discontinuous noise)	8
	Figure 1 Test chart for discontinuous interference	11
	Appendix A Assessment of the limits of interference-producing voltages	10

Committee representation

The Electronic Engineering Standards Committee under whose supervision this Malaysian Standard was prepared, comprises representatives from the following Government Ministries, trade commerce and manufacturer associations and scientific and professional bodies.

Federation of Malaysian Manufacturers

Institution of Engineers (Malaysia)

Malaysian Scientific Association

Ministry of Commerce and Industry (Industries Division)

Ministry of Defence

Ministry of Education (Technical College)

Ministry of Information and Broadcasting

Ministry of Transport (Department of Civil Aviation)

Ministry of Works, Post and Telecommunication (Telecoms Department)

United Chambers of Commerce

University of Malaya

Universiti Pulau Pinang

MS 71 : 1972

FOREWORD

This Malaysian Standard was prepared by the Technical Committee on Radio Interference under the authority of the Electronic Engineering Industry Standards Committee.
