DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (DSM)** is the national standardisation and accreditation body.

The main function of the Department is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards are developed through consensus by committees which comprise of balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject in hand. These standards where appropriate are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 (Act 549). Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

The Department of Standards appoints **SIRIM Berhad** as the agent to develop Malaysian Standards. The Department also appoints SIRIM Berhad as the agent for distribution and sale of Malaysian Standards.

MS 485: PART 4:1976

This Malaysian Standard which had been approved by the Material & Chemical Industry Standards Committee and endorsed by the Council of the Standards and Industrial Research Institute of Malaysia (SIRIM) was published under the authority of the SIRIM Council in December, 1976.

This Malaysian Standard does not purport to include all the necessary provisions of a contract.

The Malaysian standards are subject to periodical review to keep abreast to progress in the industries concerned. Suggestions for improvements will be recorded and in due course brought to the notice of the Committees charged with the revision of the standards to which they refer.

Committee representation

The Chemical and Materials Industry Standards Committee (ISC B) under whose supervision this Malaysian Standard was developed, comprises representatives from the following organisations:

Department of Mineral and Geoscience
Department of Standards Malaysia
Federation of Malaysian Manufacturers
Malaysian Ceramic Industry Group
Malaysian Institute of Chemistry
Malaysian Paint Manufacturers Association
Malaysian Pulp and Paper Manufacturers Association
Malaysian Textile Manufacturers Association
Ministry of Agriculture (Department of Agriculture)
Ministry of Defence (Defence Science and Technology Centre)
Ministry of Science, Technology and the Environment (Department of Chemistry, Malaysia)
Universiti Malaya
Universiti Sains Malaysia

The Technical Committee on Packaging which developed this Malaysian Standards consists of representatives from the following organisations:

Consumers' Association
Federation of Malaysian Manufacturers
Malaysian Airline System
Malaysian Edible Oil Manufacturers Association
Malaysian International Chamber of Commerce and Industry
Malaysian International Shipping Corporation
Malaysian Pineapple Industry Board
Malaysian Plastics Manufacturers Associations
Malaysian Timber Export Industry Board
Ministry of Agriculture and Rural Development (Department of Food Technology)
Ministry of Communications (Malayan Railways Administration) (Port Klang Authority)
Ministry of Trade and Industry
Rubber Producers' Council of Malaysia
The Freight Committee of the Rubber Industry of Malaysia

MS 485: PART 4:1976

NATIONAL FOREWORD

The Malaysian Standard was developed by the Technical Committee on Packaging under the authority of the Codes of Practice Standards Committee.

This standard was proposed for confirmation by the Technical Committee on Pulp, Paper and Board under the authority of the Chemical and Materials Industry Standards Committee.

This standard was confirmed on 30 June 2003 based on the recommendation forwarded by the Chemical and Materials Industry Standards Committee.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.

NOTE. IDT on the front cover indicates on identical standard i.e. a standard where the technical content, structure, wording and presentation of a Malaysian Standard is exactly the same as in an International Standard or is identical in technical content and it may contain minimal editorial changes specified in clause 4.2 of ISO/IEC Guide 21.
