DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (DSM)** is the national standardisation and accreditation body.

The main function of the Department is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards are developed through consensus by committees which comprise of balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject in hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 (Act 549). Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

The Department of Standards appoints **SIRIM Berhad** as the agent to develop Malaysian Standards. The Department also appoints SIRIM Berhad as the agent for distribution and sale of Malaysian Standards.

Committee representation

The Fire Safety and Prevention Industry Standards Committee (ISC M) under whose supervision this Malaysian Standard was developed comprises representatives from the following organisations:

Association of Consulting Engineers Malaysia
Chemistry Department Malaysia
Construction Industry Development Board Malaysia
Department of Standards Malaysia
Fire and Rescue Department Malaysia
Forest Research Institute of Malaysia
General Insurance Association of Malaysia
Malaysian Fire Protection Association
Master Builders Association Malaysia
Pertubuhan Akitek Malaysia
Public Works Department Malaysia
Real Estate Housing Developers' Association Malaysia
The Institution of Engineers (UK) Malaysian Branch
The Institution of Engineers, Malaysia
Universiti Kebangsaan Malaysia
Universiti Putra Malaysia

The Technical Committee on Passive Fire Protection which supervised the development of this Malaysian Standard consists of representatives from the following organisations:

Association of Consulting Engineers Malaysia
Fire and Rescue Department Malaysia
Forest Research Institute of Malaysia
General Insurance Association of Malaysia
Malaysian Fire Protection Association
Pertubuhan Akitek Malaysia
Public Works Department Malaysia
SIRIM Berhad (Secretariat)
SIRIM QAS International Sdn Bhd
The Institution of Engineers (UK) Malaysian Branch
The Institution of Engineers, Malaysia
Universiti Putra Malaysia

The Working Group on Fire Dampers which developed this Malaysian Standard consists of representatives from the following organisations:

Association of Consulting Engineers Malaysia
Fire and Rescue Department Malaysia
Forest Research Institute of Malaysia
Halton Manufacturing Sdn Bhd
M & C Engineering and Trading Sdn Bhd
Malaysian Fire Protection Association
Nam Foong (M) Sdn Bhd
SIRIM Berhad (Secretariat)
SIRIM QAS International Sdn Bhd
Techair Industries (M) Sdn Bhd
The Institution of Engineers, Malaysia
Trox Malaysia Sdn Bhd

FOREWORD

This Malaysian Standard was developed by the Working Group on Fire Dampers supervised by the Technical Committee on Passive Fire Protection under the authority of the Fire Safety and Prevention Industry Standards Committee (ISC M).

This Malaysian Standard is the second revision of MS 555:1985, Specification for fire dampers.

MS 555 consists of the following parts, under the general title Fire dampers:

- Part 1: Specification
- Part 2: Installation

This revised Malaysian Standard supersedes MS 555:1985.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
