DEPARTMENT OF STANDARDS MALAYSIA

## DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (DSM)** is the national standardisation and accreditation body.

The main function of the Department is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards are developed through consensus by committees which comprise of balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject in hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 (Act 549). Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

The Department of Standards appoints **SIRIM Berhad** as the agent to develop Malaysian Standards. The Department also appoints SIRIM Berhad as the agent for distribution and sale of Malaysian Standards.

For further information on Malaysian Standards, please contact:

A Sample calculation and interpretation .....	10
B Schematic diagram of sampling equipment .....	17

## Committee representation

The Environmental Management Industry Standards Committee (ISC Z) under whose authority this Malaysian Standard was developed, comprises representatives from the following organisations:

Association of Consulting Engineers Malaysia  
Association of Environmental Consultants and Contractors of Malaysia  
Balai Ikhtisas Malaysia  
Business Council for Sustainable Development Malaysia  
Centre for Environment Technology and Development Malaysia  
Department of Environment Malaysia  
Department of Standards Malaysia  
Environmental Management and Research Association of Malaysia  
Federation of Malaysian Manufacturers  
Kementerian Perdagangan Antarabangsa dan Industri  
Kementerian Perdagangan Dalam Negeri dan Hal Ehwal Pengguna  
Kementerian Perusahaan Utama  
Malaysian International Chamber of Commerce and Industry  
Malaysian Palm Oil Board  
Malaysian Palm Oil Association  
Malaysian Palm Oil Promotion Council  
Malaysian Plastics Manufacturers Association  
Malaysian Rubber Board  
Malaysian Rubber Glove Manufacturers' Association  
Malaysian Textile Manufacturers Association  
Ministry of Science, Technology and the Environment  
SIRIM Berhad  
The Electrical and Electronics Association of Malaysia  
The Institution of Engineers, Malaysia  
Universiti Malaya  
Universiti Putra Malaysia

The Working Group on Air Pollution Control and Measurements which developed this Malaysian Standard consists of representatives from the following organisations:

Alam Sekitar Malaysia Sdn Bhd  
Association of Environmental Consultants and Contractors of Malaysia  
Business Council for Sustainable Development Malaysia  
Department of Environment Malaysia  
Environmental Science (M) Sdn Bhd  
Federation of Malaysian Manufacturers  
Felda Engineering Services Sdn Bhd (Air Pollution Control Engineering Division)  
Golden Hope Plantations Berhad  
Malaysian Palm Oil Board  
Mechmar Energy Sdn Bhd  
SIRIM Berhad (Secretariat)  
The Institution of Engineers, Malaysia

**FOREWORD**

This Malaysian Standard was developed by the Working Group on Air Pollution Control and Measurements under the authority of the Environmental Management Industry Standards Committee.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
