

AMENDMENT OF MALAYSIAN STANDARD

MALAYSIAN STANDARD

MS 578: 1979

METHOD OF SAMPLING TEXTILE FIBRES FOR TESTING

The attached amendment on MS 578:1979 has been formally approved.

Date: (to be completed upon approval)

Amd. 1

(1) Foreword, page 4

To amend the last sentence to read as "This standard is based on the International Standard ISO 1130-1975 (confirmed on 30 -11-2006)".

(2) Clause 4.6.1, Page 8

To add a new sentence after the last paragraph to read as "This also includes natural, man made, filaments and strips".

(3) Clause 4.6.2, Page 8

To amend the sentence to read as follows:

In testing packages of yarns from a consignment, natural or man made fibre, select four from different parts of the bulk; if the bulk consists of fewer than four packages, select all of them.
