STANDARDS INSTITUTION OF MALAYSIA

P O BOX 544, KUALA LUMPUR.

Telegrams: SIMSEC KUALA LUMPUR.

MS 2.1 : Pt 8 : 1972

This Malaysian Standard, which had been approved by the Textile and Clothing Industry Standards Committee and endorsed by the Standards Council, was published under the authority of the Standards Council in June, 1972.

SIM wishes to draw attention to the fact that this Malaysian Standard does not purport to include all the necessary provisions of a contract.

Malaysian Standards are subject to periodical review to keep abreast of progress in the industries concerned. Suggestions for improvements will be recorded and in due course brought to the notice of the Committee charged with the revision of the Standards to which they refer.

The following SIM references relate to the work on this standard:

Committee Reference: SIM/TC9(ISC2)/001

Draft for Comment: D5(ISC2)

United Chambers of Commerce

University of Malaya

FOREWORD

This Malaysian Standard Method was prepared by the Technical Committee on Physical Test Methods (Textile/Clothing) under the authority of the Textile and Clothing Industry Standards Committee.

In the preparation of the Standard the following documents have been consulted:

- (1) AS L44 : 1965 Methods for The Determination of The Number of Threads Per Unit Length in a Sample of Woven Fabric.
- (2) BS 2862 : 1957 Determination of The Number of Threads Per Inch in Woven Fabric.
