**DEPARTMENT OF STANDARDS MALAYSIA**

## DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (STANDARDS MALAYSIA)** is the national standards and accreditation body of Malaysia.

The main function of STANDARDS MALAYSIA is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

STANDARDS MALAYSIA has appointed **SIRIM Berhad** as the agent to develop, distribute and sell the Malaysian Standards.

## **FOREWORD**

This Malaysian Standard has been prepared by the Technical Committee on Inedible Animal Products under the authority of the Food and Agricultural Industry Standards Committee.

The provisions as laid down in this Malaysian Standard is aimed at providing a uniform system of classifying hides traded in this country.

In the preparation of this Malaysian Standard reference was made to the British Standard BS 3935 : 1965, 'Classification and marking of cattle hides and calfskins'.

This Malaysian Standard supersedes MS 460 : 1976, 'Classification of cattle hides and calfskins'.
